If you so desire you can sew beads at the base of the shell (where all 5 dc meet in the sc,) This is optional. Would be easiest to do at this point though.

Snood

Ch 31, sc in 2nd chain from hook and in each ch across. ch 1 turn,

Row 1 sc in 1st sc, ch 4, (sk 2 sc dc in next sc, ch 5) 8 times ch 4 sk next 2 sc, sc in last sc, ch 1 turn,

Now Fold the elastic cord in half, sc in next sc crocheting through the loop of the folded elastic (This securely attaches the elastic without a knot and you will work over two strands of elastic which will make this good and strong.) working over both strands of elastic sc in each st across, sc in each st along the side sc in each st across the top sc in each st along the other side. sl st into beginning sc. draw elastic up till you have the desired size opening. It doesn't have to be to snug as the head band will keep it from falling off. tie two pieces of elastic together with a secure knot such as a square knot, trim off excess leaving enough to weave in to hide ends.

Sew snood to headband by sewing two sc at the beginning of row 1 of snood, to bottom 2 sc on the bone ring. Be sure right side is facing out. end off, sew two sc at the end of row 1 of snood, to bottom 2 sc on the bone ring at opposite end of head band, again make sure right side is facing out. .end off

Finishing sew rose onto the bone ring, If you so desire sew 8 beads across the top of snood, spaced evenly apart.

Rose

The rose is made with same crochet thread you used through out the rest of the snood to tie it all together. use the proper size hook to the proper size thread.
